

*Dear Sue*

*12 Oct 2013*

*Thank you, thank you for being so supportive through the process of helping Bradley achieve success.*

*The program and support were what we hoped it would be and more. We are so thankful to have days of frustration and embarrassment for Bradley behind us. It was most successful because the program allowed for him to be in charge of his own success. What a sense of accomplishment and confidence he now has, thank you.*

*As this is often a "silent" issue, it was wonderful to hear from you that we were not alone when you have felt so for so long. I really appreciated your positive encouragement and support.*

*Your program works and we are so thankful we were able to give Bradley the tools to move ahead with confidence.*

*Thank you again!*
